## Directors' report

The directors of Treasury Group Investment Services Limited, the Responsible Entity of Third Link Growth Fund, present their report together with the financial report of Third Link Growth Fund ("the Scheme"), for the year ended 30 June 2013.

### Responsible Entity

The Responsible Entity of Third Link Growth Fund is Treasury Group Investment Services Limited (ABN 38 099 932 920). The Responsible Entity's registered office is:

Treasury Group Investment Services Limited  
Level 14  
39 Martin Place  
Sydney NSW 2000

### Principal activities

During the year, the Scheme continued to invest in accordance with target asset allocations as set out in the governing documents of the Scheme and in accordance with the provisions of the Scheme's Constitution.

The Scheme did not have any employees during the year.

There were no significant changes in the nature of the Scheme's activities during the year.

### Directors

The following persons held office as directors of Treasury Group Investment Services Limited during the year or since the end of the year and up to the date of this report:

Andrew McGill  
Joseph Ferragina  
Peter Kennedy  
Nick Ireland (appointed 24 September 2012, resigned 1 October 2012)

### Review and results of operations

The performance of the Scheme, as represented by the results of its operations, was as follows:

	Year ended	
	30 June 2013 \$'000	30 June 2012 \$'000
Net operating profit/(loss)	<u>9,961</u>	<u>(1,138)</u>
<i>Distributions</i>		
Distribution paid and payable	<u>3,731</u>	<u>1,554</u>
Distribution (cents per unit)	<u>8.25</u>	<u>3.55</u>

### Significant changes in state of affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Scheme that occurred during the financial year.

## Directors' report (continued)

### Matters subsequent to the end of the financial year

No matter or circumstance has arisen since 30 June 2013 that has significantly affected, or may significantly affect:

- (i) the operations of the Scheme in future financial years, or
- (ii) the results of those operations in future financial years, or
- (iii) the state of affairs of the Scheme in future financial years.

### Likely developments and expected results of operations

The Scheme will continue to be managed in accordance with the investment objectives and guidelines as set out in the governing documents of the Scheme and in accordance with the provisions of the Scheme's Constitution.

The results of the Scheme's operations will be affected by a number of factors, including the performance of investment markets in which the Scheme invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Further information on likely developments in the operations of the Scheme and the expected results of those operations have not been included in this report because the Responsible Entity believes it would be likely to result in unreasonable prejudice to the Scheme.

### Indemnification and insurance of officers and auditors

No insurance premiums are paid for out of the assets of the Scheme in regards to insurance cover provided to either the officers of Treasury Group Investment Services Limited or the auditors of the Scheme. So long as the officers of Treasury Group Investment Services Limited act in accordance with the Scheme's Constitution and the Law, the officers remain indemnified out of the assets of the Scheme against losses incurred while acting on behalf of the Scheme. The auditors of the Scheme are in no way indemnified out of the assets of the Scheme.

### Fees paid to and interests held in the Scheme by the Responsible Entity or its associates

Fees paid to the Responsible Entity and its associates out of Scheme property during the year are disclosed in note 8 to the financial statements.

No fees were paid out of Scheme property to the directors of the Responsible Entity during the year.

The number of interests in the Scheme held by the Responsible Entity or its associates as at the end of the financial year are disclosed in note 8 to the financial statements.

### Interests in the Scheme

The movement in units on issue in the Scheme during the year is disclosed in note 4 to the financial statements.

The value of the Scheme's assets and liabilities is disclosed in the statement of financial position and derived using the basis set out in note 2 to the financial statements.

### Environmental regulation

The operations of the Scheme are not subject to any particular or significant environmental regulations under a Commonwealth, State or Territory law.

## Directors' report (continued)

### Rounding of amounts to the nearest thousand dollars

The Scheme is an entity of a kind referred to in Class Order 98/0100 (as amended) issued by the Australian Securities and Investments Commission relating to the "rounding off" of amounts in the directors' report and financial report. Amounts in the directors' report and financial report have been rounded to the nearest thousand dollars in accordance with that Class Order, unless otherwise indicated.

### Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5.

This report is made in accordance with a resolution of the directors.

## Auditor's Independence Declaration to the Directors of Treasury Group Investment Services Limited, as Responsible Entity for Third Link Growth Fund (the "Fund")

In relation to our audit of the financial report of the Fund for the financial year ended 30 June 2013, to the best of my knowledge and belief, there have been no contraventions of the auditor independence requirements of the *Corporations Act 2001* or any applicable code of professional conduct.

## 1 General information

This financial report covers Third Link Growth Fund ("the Scheme") as an individual entity, which is an Australian registered managed Scheme. The Scheme was constituted on 12 March 2008. The Scheme will terminate on 11 March 2088 unless terminated earlier in accordance with the provisions of the Scheme's Constitution.

The Responsible Entity of the Scheme is Treasury Group Investment Services Limited (the "Responsible Entity") which is incorporated and domiciled in Australia. The Responsible Entity's registered office is Level 14, 39 Martin Place, Sydney, NSW 2000.

The financial statements were authorised for issue by the directors on 18 September 2013. The directors of the Responsible Entity have the power to amend and reissue the financial report.

## 2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated in the following text.

### (a) Basis of preparation

This general purpose financial report has been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board, Accounting Interpretations, *Corporations Act 2001* in Australia and the Scheme's Constitution.

The financial report is prepared on a historical cost basis except for investments in financial assets, which have been measured at fair value.

The financial report is presented in Australian dollars.

#### *Compliance with International Financial Reporting Standards*

The financial statements of the Scheme also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All balances are expected to be recovered or settled within twelve months, except for investments in financial assets and liabilities at fair value through profit or loss and net assets attributable to unitholders. The amount expected to be recovered or settled within twelve months in relation to these balances cannot be reliably determined.

### (b) Investment in financial assets

Purchases and sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place are recognised on the trade date, i.e. the date that the Scheme commits to purchase or sell the assets.

#### *Held for trading*

All investments are initially recognised at fair value, being the fair value of the consideration paid excluding transaction costs. After initial recognition, the financial assets held for trading are revalued to fair value at each reporting date.

For investments that are actively traded in organised financial markets, fair value is determined by reference to exchange quoted market bid prices at the close of business on the reporting date.

## 2 Summary of significant accounting policies (continued)

### (b) Investment in financial assets (continued)

For investments with no active market, fair values are determined using valuation techniques. Such techniques include: using recent arm's length market transactions; reference to the current market value of another instrument that is substantially the same; discounted cash flows analysis and option pricing models making as much use of available and supportable market data as possible and keeping judgemental inputs to a minimum. The fair value of units in a managed investment scheme is determined by reference to published bid prices at the close of business on the reporting date being the redemption prices as established by the underlying Scheme's Responsible Entity.

Changes in fair value of investments held for trading are recognised in the statement of comprehensive income. Investments of the Scheme which are considered to be held for trading are equity securities, units in managed investment schemes, derivatives and some interest bearing securities which have been acquired principally for the purpose of selling in the near term.

#### *Financial liabilities*

The Scheme's financial liabilities are categorised as financial instruments held for trading. These include investments in listed and unlisted equities, listed and unlisted trusts, convertible notes and derivative financial instruments including forward contracts and options. The Scheme does not designate any derivatives as hedges in a hedging relationship.

#### *(i) Offsetting financial instruments*

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

### (c) Net assets attributable to unitholders

Units are redeemable at the unitholders' option and are therefore classified as financial liabilities. The units can be put back to the Scheme at any time for cash equal to a proportionate share of the Scheme's net asset value. The fair value of redeemable units is measured at the redemption amount that is payable (based on the redemption unit price) at the end of the reporting date if unitholders exercise their right to put the units back to the Scheme.

Because the Scheme's redemption unit price is based on different valuation principles to that in financial reporting, a valuation difference exists which has been treated as a separate component of net assets attributable to unitholders.

### (d) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short term, highly liquid investments with original maturities of three months or less from the date of acquisition that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in the statement of financial position.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as movements in the fair value of these securities represent the Scheme's main income generating activity.

### (e) Investment income

Interest income is recognised in the statement of comprehensive income for all financial instruments that are not held at fair value through profit or loss using the effective interest method. Other changes in fair value for such instruments are recorded in accordance with the policies described in note 2(b).

## 2 Summary of significant accounting policies (continued)

### (e) Investment income (continued)

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts throughout the expected life of the financial instrument, or a shorter period where appropriate, to the net carrying amount of the financial asset or liability. When calculating the effective interest rate, the Scheme estimates cash flows considering all contractual terms of the financial instrument (for example, prepayment options) but does not consider future credit losses. The calculation includes all fees paid or received between the parties to the contract that are an integral part of the effective interest rate, including transaction costs and all other premiums or discounts.

Dividend income is recognised on the ex-dividend date with any related foreign withholding tax recorded as an expense.

Dividends declared on securities sold short are recorded as a dividend expense on the ex-dividend date.

Trust distributions are recognised on an entitlements basis.

### (f) Expenses

All expenses, including Responsible Entity's fees and reimbursable fees, are recognised in statement of comprehensive income on an accruals basis.

### (g) Income tax

Under current legislation, the Scheme is not subject to income tax provided the taxable income of the Scheme is fully distributed either by way of cash or reinvestment (i.e. unitholders are presently entitled to the income of the Scheme).

Financial instruments held at fair value may include unrealised capital gains. Should such a gain be realised, that portion of the gain that is subject to capital gains tax will be distributed so that the Scheme is not subject to capital gains tax.

Realised capital losses are not distributed to unitholders but are retained in the Scheme to be offset against any realised capital gains. If realised capital gains exceed realised capital losses, the excess is distributed to unitholders.

The benefit of imputation credits and foreign tax paid are passed on to unitholders.

The Scheme currently incurs withholding tax imposed by certain countries on investment income. Such income is recorded gross of withholding tax in the statement of comprehensive income.

### (h) Distributions

In accordance with the Scheme's Constitution, the Scheme distributes income adjusted for amounts determined by the Responsible Entity, to unitholders by cash or reinvestment. The distributions are recognised in the statement of comprehensive income as finance costs attributable to unitholders.

### (i) Changes in net assets attributable to unitholders

Income not distributed is included in net assets attributable to unitholders. Movements in net assets attributable to unitholders are recognised in statement of comprehensive income as finance costs.

### (j) Unit prices

The unit price is based on unit price accounting outlined in the Scheme's Constitution and product disclosure statement.

## 2 Summary of significant accounting policies (continued)

### (k) Due from/to brokers

Amounts due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet delivered by the end of the year. Trades are recorded on trade date, and for equities normally settled within three business days. A provision for impairment of amounts due from brokers is established when there is objective evidence that the Scheme will not be able to collect all amounts due from the relevant broker. Indicators that the amount due from brokers is impaired include significant financial difficulties of the broker, probability that the broker will enter bankruptcy or financial reorganisation and default in payments.

### (l) Receivables

Receivables may include amounts for dividends, interest and trust distributions. Dividends and trust distributions are accrued when the right to receive payment is established. Interest is accrued at the end of each reporting period from the time of last payment in accordance with the policy set out in note 2(e) above. Amounts are generally received within 30 days of being recorded as receivables.

### (m) Payables

Payables include liabilities and accrued expenses owing by the Scheme which are unpaid as at the end of the reporting period.

Trades are recorded on trade date, and normally settled within three business days. Purchases of financial instruments that are unsettled at the end of each reporting period are included in payables.

The distribution amount payable to unitholders as at the end of each reporting period is recognised separately in the statement of financial position when unitholders are presently entitled to the distributable income under the Scheme's Constitution.

### (n) Applications and redemptions

Applications received for units in the Scheme are recorded net of any entry fees payable prior to the issue of units in the Scheme. Redemptions from the Scheme are recorded gross of any exit fees payable after the cancellation of units redeemed.

### (o) Goods and Services Tax (GST)

The GST incurred on the costs of various services provided to the Scheme by third parties such as audit fees, custodial services and investment management fees have been passed onto the Scheme. The Scheme qualifies for Reduced Input Tax Credits (RITC) at a rate of at least 55%; hence investment management fees, custodial fees and other expenses have been recognised in the statement of comprehensive income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Accounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the statement of financial position. Cash flows relating to GST are included in the statement of cash flows on a gross basis.

### (p) Use of estimates

The Scheme makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

## 2 Summary of significant accounting policies (continued)

### (p) Use of estimates (continued)

For the majority of the Scheme's financial instruments, quoted market prices are readily available. However, certain financial instruments, for example over-the-counter derivatives or unquoted securities, are fair valued using valuation techniques. Where valuation techniques (for example, pricing models) are used to determine fair values, they are validated and periodically reviewed by experienced personnel of the Responsible Entity, independent of the area that created them.

Models use observable data, to the extent practicable. However, areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

### (q) New accounting standards and interpretations

Certain new accounting standards and interpretations have been published that are not mandatory for 30 June 2013 reporting periods. The director's assessment of the impact of these new standards (to the extent relevant to the Scheme) and interpretations is set out below.

*(i) AASB 9 Financial Instruments and AASB 2009 -11 Amendments to Australian Accounting Standards arising from AASB 9 and AASB 2010-7 Amendments to Australian Accounting Standards arising from AASB 9 (December 2010) and AASB 2012-6 Amendments to Australian Accounting Standards - Mandatory Effective Date of AASB 9 and Transition Disclosures (effective from 1 January 2015)*

AASB 9 Financial Instruments addresses the classification, measurement and derecognition of financial assets and financial liabilities. The standard is not applicable until 1 January 2015 but is available for early adoption. The Responsible Entity does not expect this to have a significant impact on the recognition and measurement of the Fund's financial instruments as they are carried at fair value through profit or loss.

*(ii) AASB 13 Fair Value Measurement and AASB 2011-8 Amendments to Australian Accounting Standards arising from AASB 13 (effective 1 January 2013)*

AASB 13 was released in September 2011. It explains how to measure fair value and aims to enhance fair value disclosures. Application of the new standard will impact the type of information disclosed in the notes to the financial statements. The Scheme does not intend to adopt the new standard before its operative date, which means that it would be applied in the annual reporting period ending 30 June 2014. The directors do not expect this to have a significant impact on the Scheme.

*(iii) AASB 7 Financial Instruments and AASB 2012-2 Amendments to Australian Accounting Standards arising from AASB 7 (effective 1 January 2013)*

AASB 2012-2 principally amends AASB 7 Financial Instruments: Disclosures to require disclosure of information that will enable users of an entity's financial statements to evaluate the effect or potential effect of netting arrangements, including rights of set-off associated with the entity's recognised financial assets and recognised financial liabilities, on the entity's financial position. The standard is applicable for annual reporting periods beginning on or after 1 January 2013 but early adoption is permitted. The directors do not expect this to have a significant impact on the Scheme.

*(iv) AASB 132 Financial Instruments: Presentation and AASB 2012-3 Amendments to Australian Accounting Standards arising from AASB 132 - Offsetting Financial Assets and Financial Liabilities (effective 1 January 2014)*

AASB 2012-3 adds application guidance to AASB 132 Financial Instruments: Presentation to address inconsistencies identified in applying some of the offsetting criteria of AASB 132, including clarifying the meaning of "currently has a legally enforceable right of set-off" and that some gross settlement systems may be considered equivalent to net settlement. The standard is applicable for annual reporting periods beginning on or after 1 January 2014 but early adoption is permitted. The directors do not expect this to have a significant impact on the Scheme.

## 2 Summary of significant accounting policies (continued)

### (q) New accounting standards and interpretations (continued)

There are no other standards that are not yet effective and that are expected to have a material impact on the Scheme in the current or future reporting periods and on foreseeable future transactions.

### (r) Rounding of amounts

The Scheme is an entity of the kind referred to in Class Order 98/0100 (as amended), issued by Australian Securities and Investments Commission, relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded off to the nearest thousand dollars in accordance with that Class Order, unless otherwise indicated.

## 3 Interest income

	Year ended					
	30 June 2013			30 June 2012		
	Average balance \$'000	Interest \$'000	Average rate %	Average balance \$'000	Interest \$'000	Average rate %
Cash and deposits	767	21	2.70	839	44	5.27
		<u>21</u>			<u>44</u>	

## 4 Net assets attributable to unitholders

Movements in the number of units and net assets attributable to unitholders during the year were as follows:

	As at			
	30 June 2013 No.'000	30 June 2012 No.'000	30 June 2013 \$'000	30 June 2012 \$'000
Opening balance	42,750	44,699	41,130	46,131
Applications	3,758	972	3,164	931
Redemptions	(2,093)	(4,251)	(1,855)	(4,572)
Units issued upon reinvestment of distributions	914	1,330	927	1,332
Change in net assets attributable to unitholders	-	-	6,230	(2,692)
Closing balance	<u>45,329</u>	<u>42,750</u>	<u>49,596</u>	<u>41,130</u>

As stipulated within the Scheme's Constitution, each unit represents a right to an individual share in the Scheme and does not extend to a right to the underlying assets of the Scheme. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Scheme.

### Capital risk management

The Scheme considers its net assets attributable to unitholders as capital, notwithstanding net assets attributable to unitholders are classified as a liability. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Scheme is subject to daily applications and redemptions at the discretion of unitholders.

#### 4 Net assets attributable to unitholders (continued)

**(a) Unrealised capital gains**

At the reporting date, the Scheme had net unrealised taxable capital gains of \$3,190,048 (2012: \$439,091).

**(b) Realised capital losses**

At the reporting date, the Scheme had realised capital losses of \$Nil (2012: \$1,093,180) available to offset against future assessable capital gains.

#### 5 Distributions to unitholders

The distributions for the year were as follows:

	Year ended		Year ended	
	30 June 2013 \$'000	30 June 2013 CPU	30 June 2012 \$'000	30 June 2012 CPU
<b>Distributions</b>				
Distributions paid - December	673	1.50	676	1.50
Distributions payable - June	<u>3,058</u>	<u>6.75</u>	<u>878</u>	<u>2.05</u>
<b>Total distribution</b>	<u>3,731</u>		<u>1,554</u>	

#### 6 Cash and cash equivalents

	As at	
	30 June 2013 \$'000	30 June 2012 \$'000
Cash and cash equivalents	<u>1,748</u>	<u>145</u>
<b>Total</b>	<u>1,748</u>	<u>145</u>

## 7 Investments in financial assets held for trading

	As at	
	30 June 2013 \$'000	30 June 2012 \$'000
<b>Held for trading</b>		
Unlisted equities	105	-
Listed equities	10,156	6,158
Unlisted unit trusts	38,066	32,935
Listed unit trusts	1,238	1,998
<b>Total held for trading</b>	<u>49,565</u>	<u>41,091</u>

## 8 Related party transactions

### Responsible entity

The Responsible Entity of Third Link Growth Fund is Treasury Group Investment Services Limited, whose immediate and ultimate holding company is Treasury Group Limited.

### Key management personnel

#### (a) Directors

Key management personnel includes persons who were directors of Treasury Group Investment Services Limited at any time during the the financial year as follows:

Andrew McGill  
Joseph Ferragina  
Peter Kennedy  
Nick Ireland (appointed 24 September 2012, resigned 1 October 2012)

#### (b) Other key management personnel

In addition to the directors noted above, Treasury Group Investment Services Limited, the Responsible Entity of the Scheme is considered to be key management personnel with the authority for the strategic direction and management of the Scheme.

### Key management personnel compensation

No amount is paid by the Scheme directly to the Directors of the Responsible Entity. Consequently, no compensation as defined in AASB 124 "Related Party Disclosures" is paid by the Scheme to the Directors as key management personnel.

Compensation is paid to the Responsible Entity in the form of fees as discussed below.

### Key management personnel loan disclosures

The Scheme has not made, guaranteed or secured, directly or indirectly, any loans to the key management personnel or their personally related entities at any time during the reporting period (2012: Nil).

## 8 Related party transactions (continued)

### (b) Other key management personnel (continued)

#### Other transactions within the Scheme

From time to time directors of the Responsible Entity, or their director related entities, may invest in or withdraw from the Scheme. These investments or withdrawals are on the same terms and conditions as those entered into by other Scheme investors and are trivial in nature.

Apart from those details disclosed in this note, no key management personnel have entered into a material contract with the Scheme during the financial year and there were no material contracts involving key management personnel's interests existing at year end (2012: Nil).

#### Investments

The Scheme did not hold any investments in the schemes which are also managed by Treasury Group Investment Services Limited or its related parties as at 30 June 2013.

	Number of units held	Fair value of investment	Interest held	Units acquired during the year	Units disposed during the year	Distributions received/ receivable by the Scheme
2012	(Units)	\$	%	(Units)	(Units)	\$
Rare Emerging Market Fund	-	-	-	-	697,350	4,304
<b>Total</b>	-	-	-	-	697,350	4,304

#### Responsible Entity's/manager's fees and other transactions

For the year ended 30 June 2013, in accordance with the Scheme's Constitution, the Responsible Entity received fees based on 1.40% of the Scheme's net asset value (inclusive of GST, net of RITC available to the Scheme) per annum (2012: 1.40%).

All related party transactions are conducted on normal commercial terms and conditions. The transactions during the year and amounts payable at year end between the Scheme and the Responsible Entity were as follows:

	30 June 2013	30 June 2012
	\$	\$
Fees earned by the Responsible Entity for the management of investments	696,967	627,676
Responsible Entity fee rebate received and receivable directly by the Scheme	850,938	414,326
Fees payable to the Responsible Entity as at the reporting date	66,789	52,922

## 8 Related party transactions (continued)

### (b) Other key management personnel (continued)

#### Related party unitholdings

Parties related to the Scheme (including Treasury Group Investment Services Limited, its related parties and other schemes managed by Treasury Group Investment Services Limited), held units in the Scheme as follows:

#### 2013

Unitholder	Number of units held opening (Units)	Number of units held closing (Units)	Interest held (%)	Number of units acquired (Units)	Number of units disposed (Units)	Distributions paid/payable by the Scheme (\$)
Treasury Group Investment Services Limited	132	137	0.0003	5	-	11
<b>Total</b>	<b>132</b>	<b>137</b>	<b>0.0003</b>	<b>5</b>	<b>-</b>	<b>11</b>

#### 2012

Unitholder	Number of units held opening (Units)	Number of units held closing (Units)	Interest held (%)	Number of units acquired (Units)	Number of units disposed (Units)	Distributions paid/payable by the Scheme (\$)
Treasury Group Investment Services Limited	126	132	0.0003	6	-	5
<b>Total</b>	<b>126</b>	<b>132</b>	<b>0.0003</b>	<b>6</b>	<b>-</b>	<b>5</b>

#### Key management personnel unitholdings

The key management personnel of Treasury Group Investment Services Limited and ATF Christopher Cuffe Foundation as Third Link Investment Managers Pty Ltd held units in the Scheme as follows:

#### 2013

Unitholders	Number of units held opening (Units)	Number of units held closing (Units)	Interest held (%)	Number of units acquired (Units)	Number of units disposed (Units)	Distributions paid/payable by the Scheme (\$)
Invia Custodian Pty Ltd ATF Macindoe Super Fund	114,990	119,055	0.263	4,065	-	9,793
Invia Custodian Pty Ltd ATF Macindoe Tracker Foundation	137,193	142,043	0.313	4,850	-	11,684

## 9 Financial risk management

### (a) Strategy in using financial instruments

The allocation of assets between the various types of financial instruments is determined by the Scheme's investment manager as identified in the Scheme's product disclosure statement who manages the Scheme's assets to achieve the Scheme's investment objectives. The monitoring of asset allocations and the composition of the assets is also monitored by the Scheme's investment manager on at least a monthly basis. The custody of assets is outsourced to RBC Investor Services Trust.

Financial instruments of the Scheme comprise of investments in financial assets for the purpose of generating a return on the investment made by the unitholders, in addition to derivatives (used from time to time), cash and cash equivalents, net assets attributable to unitholders and other financial instruments such as trade debtors and creditors, which arise directly from its operations.

The Responsible Entity is responsible for identifying and controlling the risks that arise from these financial instruments. The Scheme's investing activities expose it to the following risks from its use of financial instruments:

- market risk
- credit risk
- liquidity risk

This note presents information about the Scheme's exposure to each of the above risks, the Scheme's objectives, policies and processes for measuring and managing risk.

The Responsible Entity has overall responsibility for the establishment and oversight of the Scheme's financial risk management framework.

The Responsible Entity oversees how management monitors compliance with the Scheme's financial risk management policies and procedures. The Responsible Entity also ensures the continued adequacy of the financial risk management framework.

Information is prepared and reported to relevant parties within the Responsible Entity on a regular basis as deemed appropriate, including the fund manager, compliance manager, other key management and ultimately the directors of the Responsible Entity.

## 9 Financial risk management (continued)

### (b) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and other market prices will affect the Scheme's income or the carrying value of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk.

The Scheme is exposed, particularly in equity assets, to market risks. The Scheme may utilise derivatives, but derivatives are not currently used. The Scheme invests in securities traded on domestic markets, market risk is a risk to which exposure is unavoidable. The risk is mitigated through diversification of the portfolio that is captured by investments in various geographic zones and industries.

#### (i) Currency risk

The Scheme is not exposed to any significant foreign currency risk.

#### (ii) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Interest rate risk is not considered to be significant to the Scheme other than its cash holdings.

Interest income from cash holdings is earned at variable interest rates. Investments in cash holdings are at call.

As the Scheme's exposure to interest rate risk is not significant, interest rate risk sensitivities have not been performed.

#### (iii) Other market price risk

Other market price risk is the risk that the value of an instrument will fluctuate as a result of changes in market prices, whether caused by factors specific to an individual investment, its issuer or all factors affecting all instruments traded in the market.

As the majority of the Scheme's investments are carried at fair value with fair value changes recognised in the statement of comprehensive income, all changes in market conditions will directly affect net investment income.

Risk management techniques are used in the selection of investments. Securities/investments (including derivatives) are only purchased that meet investment criteria.

### Sensitivity analysis

The sensitivity analysis is based on a generic approach using +/- 10%, which gives the user/investor a benchmark to demonstrate how sensitive each portfolio is in relation to changes in various risk parameters.

An increase of 10% (2012: 10%) at the reporting date of the underlying investments' prices would have increased operating profit from operating activities by \$4,956,544 (2012: \$4,109,086). This analysis assumes that all other variables remain constant.

A decrease of 10% (2012: 10%) would have the equal, but opposite effect to the amounts shown above, on the basis that all other variables remain constant.

### (c) Credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Scheme. The Scheme's investment manager has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

## 9 Financial risk management (continued)

### (c) Credit risk (continued)

With respect to credit risk arising from the financial assets of the Scheme, other than derivatives, the Scheme's exposure to credit risk arises from default of the counterparty, with current exposure equal to the fair value of these instruments as disclosed on the statement of financial position. This does not represent the maximum risk exposure that could arise in the future as a result of changes in values, but best represents the current maximum exposure at the reporting date.

The Scheme holds no collateral as security or any other credit enhancements. There are no financial assets that are past due or impaired, or would otherwise be past due or impaired except for the terms having been renegotiated.

Credit risk is not considered to be a major risk to the Scheme as any cash held by the Scheme is invested with financial institutions that have very strong credit ratings. The balance of investments are held in listed and unlisted securities.

### (d) Liquidity risk

Liquidity risk is the risk that the Scheme will not be able to meet its financial obligations as they fall due. The risk is controlled through the Scheme's investment in financial instruments, which under normal market conditions are readily convertible to cash. In addition the Scheme maintains sufficient cash and cash equivalents to meet normal operating requirements.

#### **Maturity analysis for financial liabilities**

Financial liabilities of the Scheme comprise of trade and other payables, distributions payable, and net assets attributable to unitholders. Trade and other payables and distributions payable have no contractual maturities but are typically settled within 30 days.

Net assets attributable to unitholders are entirely payable on demand.

The table below summarises the maturity profile of the Scheme's financial liabilities, gross-settled derivatives and redeemable shares based on contractual undiscounted cash flows.

30 June 2013	Carrying Amount \$'000	Contractual cash flow \$'000	At call \$'000	6 months or less \$'000
<b>Non-derivative financial liabilities</b>				
Distributions payable	3,058	3,058	-	3,058
Payables	66	66	-	66
Net assets attributable to unitholders liability	<u>49,596</u>	<u>49,596</u>	<u>49,596</u>	<u>-</u>
<b>Sub total</b>	<b><u>52,720</u></b>	<b><u>52,720</u></b>	<b><u>49,596</u></b>	<b><u>3,124</u></b>

**9 Financial risk management (continued)**

**(d) Liquidity risk (continued)**

30 June 2012	Carrying Amount \$'000	Contractual cash flow \$'000	At call \$'000	6 months or less \$'000
Non-derivative financial liabilities				
Distributions payable	878	878	-	878
Payables	53	53	-	53
Net assets attributable to unitholders liability	<u>41,130</u>	<u>41,130</u>	<u>41,130</u>	<u>-</u>
Sub total	<u>42,061</u>	<u>42,061</u>	<u>41,130</u>	<u>931</u>

**(e) Fair value hierarchy**

The Scheme classifies fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the Responsible Entity. The Responsible Entity considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

## 9 Financial risk management (continued)

### (e) Fair value hierarchy (continued)

The tables below set out the Scheme's financial assets and liabilities (by class) measured at fair value according to the fair value hierarchy at 30 June 2013 and 30 June 2012.

As at 30 June 2013	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<b>Financial assets</b>				
Financial assets held for trading:				
Listed equities	10,156	-	-	10,156
Unlisted equities	-	105	-	105
Listed unit trusts	1,238	-	-	1,238
Unlisted unit trusts	-	38,066	-	38,066
<b>Total</b>	<b>11,394</b>	<b>38,171</b>	<b>-</b>	<b>49,565</b>

As at 30 June 2012	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<b>Financial assets</b>				
Financial assets held for trading:				
Listed equities	6,158	-	-	6,158
Listed unit trusts	1,998	-	-	1,998
Unlisted unit trusts	-	32,935	-	32,935
<b>Total</b>	<b>8,156</b>	<b>32,935</b>	<b>-</b>	<b>41,091</b>

## 10 Reconciliation of profit/(loss) to net cash inflow from operating activities

	Year ended	
	30 June	30 June
	2013	2012
	\$'000	\$'000
<b>(a) Reconciliation of profit/(loss) to net cash inflow from operating activities</b>		
Operating profit/(loss) for the year	9,961	(1,138)
Changes in the fair value of assets held for trading	(7,579)	2,765
Proceeds from sale of financial instruments held for trading	23,153	31,896
Purchase of financial investments held for trading	(24,048)	(30,345)
(Increase)/decrease in interest receivable	(1)	2
(Increase)/decrease in dividends/distributions receivable	(579)	575
(Increase)/decrease in other receivables and other assets	(2)	1
Increase/(decrease) in payables and other liabilities	13	(7)
<b>Net cash inflow from operating activities</b>	<b>918</b>	<b>3,749</b>

### (b) Components of cash and cash equivalents

Cash as at the end of the financial year as shown in the statement of cash flows is reconciled to the statement of financial position as follows:

Cash and cash equivalents	1,748	145
---------------------------	-------	-----

## 11 Auditor's remuneration

The service provided on this Scheme is on a pro-bono basis. The auditor of the Scheme is Ernst & Young.

## 12 Events occurring after the reporting period

No significant events have occurred since the end of the reporting period which would impact on the financial position of the Scheme disclosed in the statement of financial position as at 30 June 2013 or on the results and cash flows of the Scheme for the year ended on that date.

## 13 Contingent assets and liabilities and commitments

There are no outstanding contingent assets, liabilities or commitments as at 30 June 2013 and 30 June 2012.

### Directors' declaration

In the opinion of the directors of the Responsible Entity:

- (a) the financial statements and notes set out on pages 6 to 25 are in accordance with the *Corporations Act 2001*, including:
  - (i) complying with Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
  - (ii) giving a true and fair view of the Scheme's financial position as at 30 June 2013 and of its performance for the financial year ended on that date; and
- (b) there are reasonable grounds to believe that the Scheme will be able to pay its debts as and when they become due and payable; and
- (c) Note 2(a) confirms that the financial statements comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the directors.

Joseph Ferragina  
Director

## Independent auditor's report to the unitholders of Third Link Growth Fund (the "Fund")

We have audited the accompanying financial report of the Fund, which comprises the statement of financial position as at 30 June 2013, the statement of comprehensive income, statement of changes in net assets attributable to unitholders and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

### Directors' Responsibility for the Financial Report

The directors of Treasury Group Investment Services Limited as Responsible Entity of the Fund are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal controls as the directors determine are necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 2(a), the directors also state, in accordance with Accounting Standard AASB 101 *Presentation of Financial Statements*, that the financial statements comply with *International Financial Reporting Standards*.

### Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors of the Responsible Entity, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Independence

In conducting our audit we have met the independence requirements of the *Corporations Act 2001*. We have given to the directors of the Responsible Entity a written Auditor's Independence Declaration, a copy of which is attached to the directors' report.

## Auditor's Opinion

In our opinion:

- a. the financial report of the Fund is in accordance with the *Corporations Act 2001*, including:
  - i giving a true and fair view of the Fund's financial position as at 30 June 2013 and of its performance for the year ended on that date; and
  - ii complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
- b. the financial report also complies with *International Financial Reporting Standards* as disclosed in Note 2(a).
