Donations made and charities supported

All fees received by Third Link from managing the Fund's investments, net of expenses incurred, are donated to the charitable sector. The donations to the charitable sector do not dilute the investment returns.

We donated approximately \$410.3k to our Third Link charities for the quarter ended 31 March 2021. Since inception of the Fund in April 2008 up until 31 March 2021 the donations to charities have been \$14.256m in total.

Acknowledgment of support

Thanks to the extraordinary and generous support of a number of investment and service professionals who have agreed to waive some or all of the fees that would otherwise be due to them for services rendered, the expenses from running the Fund are kept to a minimum, resulting in a larger pool to donate to the charitable sector.
